Which product is right for me?

GoToMyPC is the fast, easy and secure way to work on your Mac or PC from any web browser. Citrix offers three versions of GoToMyPC to meet the needs of individual professionals, teams and small and medium-sized businesses:

GoToMyPC

Remote access for individual users.

- Unlimited access and use of your files, programs, email and network from anywhere.
- Be more flexible and productive.
- Travel light — no need to take a laptop on trips.

GoToMyPC Pro

Remote access with user management designed for companies with fewer than 50 employees.

- Get the benefits of GoToMyPC for you and your employees.
- Manage employees' remote-access privileges.
- Generate reports on individual and company remote-access activity.

GoToMyPC Corporate

Remote access with advanced user management and features designed for companies with 10–1,000+ employees.

- Set up and deploy remote access in minutes — no training required.
- Manage subgroups and allow shared access to computers under multiple logins.
- Work remotely with confidence — GoToMyPC Corporate employs government-standard encryption for all remote connections.
- Manage seats, security, usage reports and more from the Administration Center.

All versions of GoToMyPC provide unlimited use for one low flat rate — there are never any overage fees. Multiple-seat plans are available for all versions.
